

## Mouse operation

1159 kbadmin April 26, 2016 [DWG Online Viewers](#) 0 3575

1. You can use either left or scroll mouse button to pan a drawing. Find quick shortcuts like Zoom or print by clicking the right mouse button.
2. The mouse operation is designed to keep compatibility with GstarCAD platform and satisfy users with different habits.
3. You can either use the middle mouse button to zoom in and out the drawing, or pan the drawing by holding that button, this design is for keeping compatible with GstarCAD platform and satisfy the users with different habits
